IN MEMORIAM

Dedicated in memory of our colleagues who we lost in the last one year due to unforeseen circumstances

Grief is a natural stage of life and every person and family handles the grieving process differently. It's alright to linger in the quiet moments when you remember the sound of his/her voice or laugh. At SHARE INDIA we would like to keep his/her legacy by continuing the good work we do in the public health space. We deeply regret the passing away of our dear colleagues in the last one year.
